

g4g and the US Embassy in Belgium presents

THE GREAT PASSPORT TO STEM CHALLENGE

A free, virtual, and cross-cultural after-school program that inspires girls from diverse backgrounds to be sustainable innovators in STEM.*

This program will enable participants to

Be connected to **role-models and mentors** from g4g, the US Embassy and international companies

Focus on sustainability and **innovation in STEM**

Challenge themselves to use design thinking to **create their classroom of tomorrow**

Join an **inclusive, international program** linking Belgium and US schools virtually for unique, multilingual sister-school collaboration

*Project will run January through June of 2021

Eligibility

THIS IS A MULTILINGUAL PROGRAM. ALL SCHOOLS IN THE US AND BELGIUM CAN EXPRESS THEIR INTEREST.

EACH SCHOOL MAY INVITE A GROUP OF 10 GIRLS AGED 12-15 YEARS OLD, AND A DEDICATED TEACHER READY TO INSPIRE!

This program starts in January 2021 and leads to an awards ceremony in June 2021. Click here to learn more on how we are leading you through the program.

Why should you take part?

ROLE MODELS

Girls and teachers will learn from and join a **network of 8,000 STEM role models** and become an International STEM Citizen

VISIBILITY

Your school will be **recognized as a leader** in sustainable innovation by the US Embassy

RESOURCES

Participants receive a welcome package, access to a **resource portal packed with learning experiences**, hands-on STEM, and demonstrations of our pedagogic toolkit

LEARNING

Virtual regular meetings, **inspirational broadcasts, and short creative activities** to help students design their own sustainable invention for their future classroom

GUIDANCE

Led by an international education team and **guided by experts in design-thinking and STEM**

Want to participate?
